RICH FEEDING THE POOR

IMPORTANT MODIFICATION IN THE SPANISH TREATY.

The National Debt Increasing—Our Debt and Dumb—France Not Aiding De Lesseps' Canal Scheme—Anti-Atlantic Harbors—The Navy.

WASHINGTON, Dec. 31.—The Christmas Club, a benevolent and patriotic organization of this city, of which Miss Nellie Arthur is President, gave a dinner to 600 poor children Tuesday in the National Rifle Hall. Miss Arthur was assisted by Miss Alice, daughter of the Chief Justice, Miss West, Mrs. Roy Roy, Miss Solomon, and a large number of other members of the club.

shown by the declaration in diplomatic circles here that this far no dispatches have reached the French Legation here, either by mail or telegraph, making any inquiries or conveying any instructions regarding the Nicaragua Treaty. The knowledge that France intends to hold altogether aloof from any participation in the canal dispute will have an important bearing upon the question now under consideration by the Senate.

THE NAVY. The Secretary of the Navy has discovered that his ordinance for the maintenance of the Navy and conduct of the year from December 31 to January 5, was not strictly in accordance with law. The last legislative Executive and Judicial Appropriation Bill contained a clause that no volunteer service be paid for in the event of future appropriations should be accepted from an employee of the government except in an emergency involving human life or the safety of property. The Secretary has mounted a note to provide that work shall only be allowed to continue when the loss of human life or destruction of property might result from the suspension of the law.

ANATOMIC BORDER. Secretary McCulloch, it appears, is not in favor of a strict construction of the Chinese Immigration Act, and has just made a ruling under the recent decision of the United States Supreme Court which would send all Chinese to the United States. The Secretary has mounted a note to provide that work shall only be allowed to continue when the loss of human life or destruction of property might result from the suspension of the law.

THE DEAF AND DUMB. An important modification is reported as having been effected by cable in the proposed Spanish-American Treaty. The change was made to meet the principal objections of the Senate, who have been almost unanimously opposed to the treaty. The original draft of the treaty proposed to admit free of duty goods valued at \$100,000, but this was changed to \$100,000,000.

NATIONAL DEBT INCREASING. The public debt statement for the month of December will show an increase of the debt about similar to that of last month, or in the neighborhood of \$1,000,000. The increase is due to the fact that the government has not yet received the proceeds of the loan authorized by the act of Congress.

CONFERENCE POSTPONED. The conference between the Secretary of the Treasury and the representatives of the railway interests has been postponed until Saturday owing to a misunderstanding about the time appointed.

OATH OF OFFICE. Second Assistant Postmaster General Thompson and John Jamison, Superintendent of the Railway Mail Service, took the oath of office today. They will enter upon the duties of their offices with new vigor. The oath of office was administered by the veteran of the military department, Colonel James H. Smith.

INFORMATION FROM A THOROUGHLY trustworthy source has reached here from Paris showing that the position which the French Government has taken in regard to the Nicaragua Canal Treaty. President Grevey within a few weeks has made known to the United States that he would not be a party to the treaty.

TWO THOUSAND VICTIMS

ECHOES FROM THE EARTHQUAKE INCREASE THE FATALITIES.

Johnston Seamen—The Scotch Crofters—The Congo—Government Loan—Irish Politics—Bismarck Warns the Vatican—Foreign Notes.

MADRID, Dec. 31.—Reports received this morning from districts in which the earthquake was most severe, further increase the number of fatalities and amount of damage. Alhambra, a town of 8,000 inhabitants in Extremadura, has been completely destroyed, and two hundred bodies have already been taken from the ruins.

HIGH WATERS AND SNOW

SOUTHERN INDIANA AND ILLINOIS
SUFFERING FROM FLOODS.

Heavy Snows in Iowa and Minnesota—Colorado Snowed In—A Cold Wave Accompanied by Storm Moving Upon Us.

JASPER, Ind., Dec. 31.—The White River overflowed all the lowlands along its course last Sunday, and some of families in Davis and Pike Counties are driven from their homes, many barely escaping with their lives. The destruction of property is very great. The White River is overflowing the whole country between Jasper and Huntington. To the southwest of Jasper for several miles the lands are all overflowed to the depth of from three to six feet. Some of the lumber yards here are flooded, and a rise of one foot more will flood the mills.

CHICAGO, Dec. 31.—It has rained steadily for nearly four days, throughout Central and Southern Illinois. The snow has disappeared and all the streams are swollen. In some places the water is higher than ever known before. Great damage is reported to the railroads, bridges, farms, houses, etc. Many trains have been abandoned. At Vandalia the Ohio River is almost up to the highest point reached a year ago, and is still rising. The entire bottom east of town is one vast sheet of water and the plank road is covered for a distance of a quarter of a mile. People occupying houses in the flooded district are moving out till the flood subsides. It is feared in the bottom north of the Vandalia Railroad bridge, and some alarm is felt for the safety of the bridge. Business is at a standstill. The weather remains warm, and it is still raining.

SNOW STORMS IN COLORADO. DENVER, Colo., Dec. 31.—Another severe storm is reported from several points in the mountains with extremely low temperatures, with a prospect that Marshall Pass will again be closed to trains between here and Utah. The snow is said to be drifting heavily and jacking solidly on the track. A terrible wind storm has been raging in South Park, which laid the snow in masses and piled it in heavy drifts.

COLD WAVE—HEAVY SNOW. MINNEAPOLIS, Minn., Dec. 31.—It snowed heavily all night and is drifting badly. The wind is blowing at a velocity of twenty miles per hour, and the signal office reports a cold wave, rapidly approaching from the North west, which will probably reach here today. The indications point to great delay of trains on all the roads in this State and Dakota.

HEAVY SNOW IN IOWA. COUNCIL BLUFFS, Iowa, Dec. 31.—The severest snow storm of the season set in yesterday and continues unabated. A strong wind is blowing from the northwest and the snow is drifting. Railroad travel is delayed. WABED OUT AND DAMAGED. ST. LOUIS, Dec. 31.—A special from Little Rock, Arkansas, says: "Rain continues to fall. Disastrous washouts on all the roads are reported with great damage to property. No trains have reached Little Rock since Sunday."

HEAVY FOG. NEW YORK, Dec. 31.—Several steamers were all delayed this morning on account of the fog. Yesterday's collisions on the Erie and Lackawanna were the result of the fog, and signal men more cautious today. Men were placed on the tracks between the stopping places to warn approaching engines of their distance from the next station. All ferry boats made irregular trips. The outward-bound ocean steamers tried their way cautiously as they proceeded down the bay. The only accident reported was caused by a ferry-boat missing a pier on the New York side, running into an adjoining one. The boat was not injured, but the passengers were badly frightened.

DYING FOR BREAD. Famine Condition of the Jewish Colony Near Vineland, New Jersey.

PHILADELPHIA, Pa., Dec. 31.—The condition of the Jews at the colony near Vineland, New Jersey, is distressing. They are without work, and, consequently, have no money to provide the necessities of life to their families, numerous small children being among the number. Many of them are dying of starvation, deserving people. In an appeal sent to the Jewish board they gave the following account of their condition:

"We have no other help to deliver us from starvation. Will you please send help to those who have no work to feed their wives and little lambs, and deliver them from death? If you will help them, consult with Mr. Leuch to who are deserving, because we have chosen him to let you know the truth. Please send flour, coffee and sugar, or anything else you know is needed for a family with little children, and send immediately, for the famine is great."

A colonist who is better off than his brethren makes the following appeal: "The condition here among some is fearful. Little children are crying with cold and women are suffering from hunger. Husbands are going about like drunken men, crazed with trouble. Many are hoping for death, and it comes not. We are in a worse condition than the prisoners sent by the Russian Government to Siberia, because, besides hunger and cold, we are compelled to listen to the cries and witness the fearful sufferings of our wives and children. Do what you can, for the love of heaven."

Upon receipt of these communications a letter was addressed to Mr. Leuch with the request that he would ascertain the truth and transmit of their statements. He replied: "I have repeatedly inquired after the condition of the people. There are now twelve families in a destitute condition."

Minor Froze to Death.

BLOOMINGTON, Ind., Dec. 31.—Christopher Lechner, an old German hermit who has lived for the last twenty years in this country in a hut of logs and mud though he owned 300 acres of land and considerable stock, was found dead on a wrecked bed barely covered. It is supposed he froze to death. It is believed he had considerable money about the house, as he worked all the time and never went to town except to pay taxes and draw a pension from Louisville. He has no relations in this section.

Gone Mad. CINCINNATI, Dec. 31.—A Post's Shesbyville, Indiana, special says: Miss May Howard, an actress for many years of celebrity, has lost her mind, and was today taken to the Indiana Asylum by her brother, John Dennis, of Chicago. She started in England and Australia, and all large cities of the East.
